- We are obliged and devoted to produce Food Products through our exceptional facilities that come with world class standards.
- We are engaged in reaching our Customers directly through our best channel partners.
- We dedicate ourselves in providing a healthy lifestyle to our Consumers.
- We are focused on Sustained growth to all the key Stake Holders in the value chain.

# Health Benefits

Ghee, also known as clarified butter, originated in ancient India. It's a time-consuming process to make it. White, unsalted butter is heated until the clear, golden liquid separates from it as moisture evaporates. The sugar and proteins sink to the bottom and the clear liquid is strained and stored.

Ghee is called Ghrita in Sanskrit and finds various mentions in the Rig Veda as well as the Mahabharata. It is mentioned as a pure and sacred liquid. It is considered as auspicious and also finds uses in religious practices. Ayurvedic texts have spoken about the health benefits of ghee for the whole body. It acts as building blocks for the tissues (dhatus) and pacifies any imbalances in our bodies (Vata and Pitta doshas).

## Properties

- Nutrients- linoleic acid
- Antioxidant
- Fat-soluble vitamins(A, E, and D)
- Omega-3 fatty acids)
- Good fat
- Good source of energy (also keeps our bodies warm)
- Anti Fungal
- Anti Bacterial

## It Helps in Cure

- Hyper Acidity
- Mal Absorption
- Chronic Fever
- Epilepsy
- Head Ache
- Burns,Wounds & Blisters
- Gastrointestinal Issues
- Fat Soluble Toxins

There are several ways in which you can incorporate ghee in your daily diet. Using ghee instead of oil is a great substitute while making rotis. Use ghee instead of butter to grease your bread. This reduces the glycaemic index of the food. With it offering a host of health benefits, its time to go back in our roots and start regularly incorporating ghee in our diet.

# Management Team

We have a dynamic Management team consisting of business experts who come with decades of experience and expertise and foresee that our products live up to Consumer requirements.
