Pure & Special

Pure and Special products are made with high quality ingredients to cleanse and moisturize your skin. They have natural fragrance from Essential oils and oxide and mineral colors. The reason they are so special is because they are made by children with Special needs(Autism, Down's syndrome, GDD ect) from the Kaumaram Prashanthi Academy. Pure and Special unleashes their creativity and is a great tool for Art Therapy for our Special children. It is also a great tool for inclusion of our children and their work by mainstream society, as with every product they make and sell, they feel they are adding value to and being a part of our society instead of just being confined to their little safe space.

You can Make a Difference

We welcome your wholehearted support in the form of donations, sponsorships, school supplies and volunteering in the school. This can make a difference to your life and their life

We believe “Empowerment is truly attained only when each child dares to dream only when his/her needs are met by opportunities”. Together we can transform learning disabilities to ABILITIES.

A vision, A vibe, A touch that learns and understands. Let us break the stigma and end the misperception!
